Crimson Flowers and Orioles

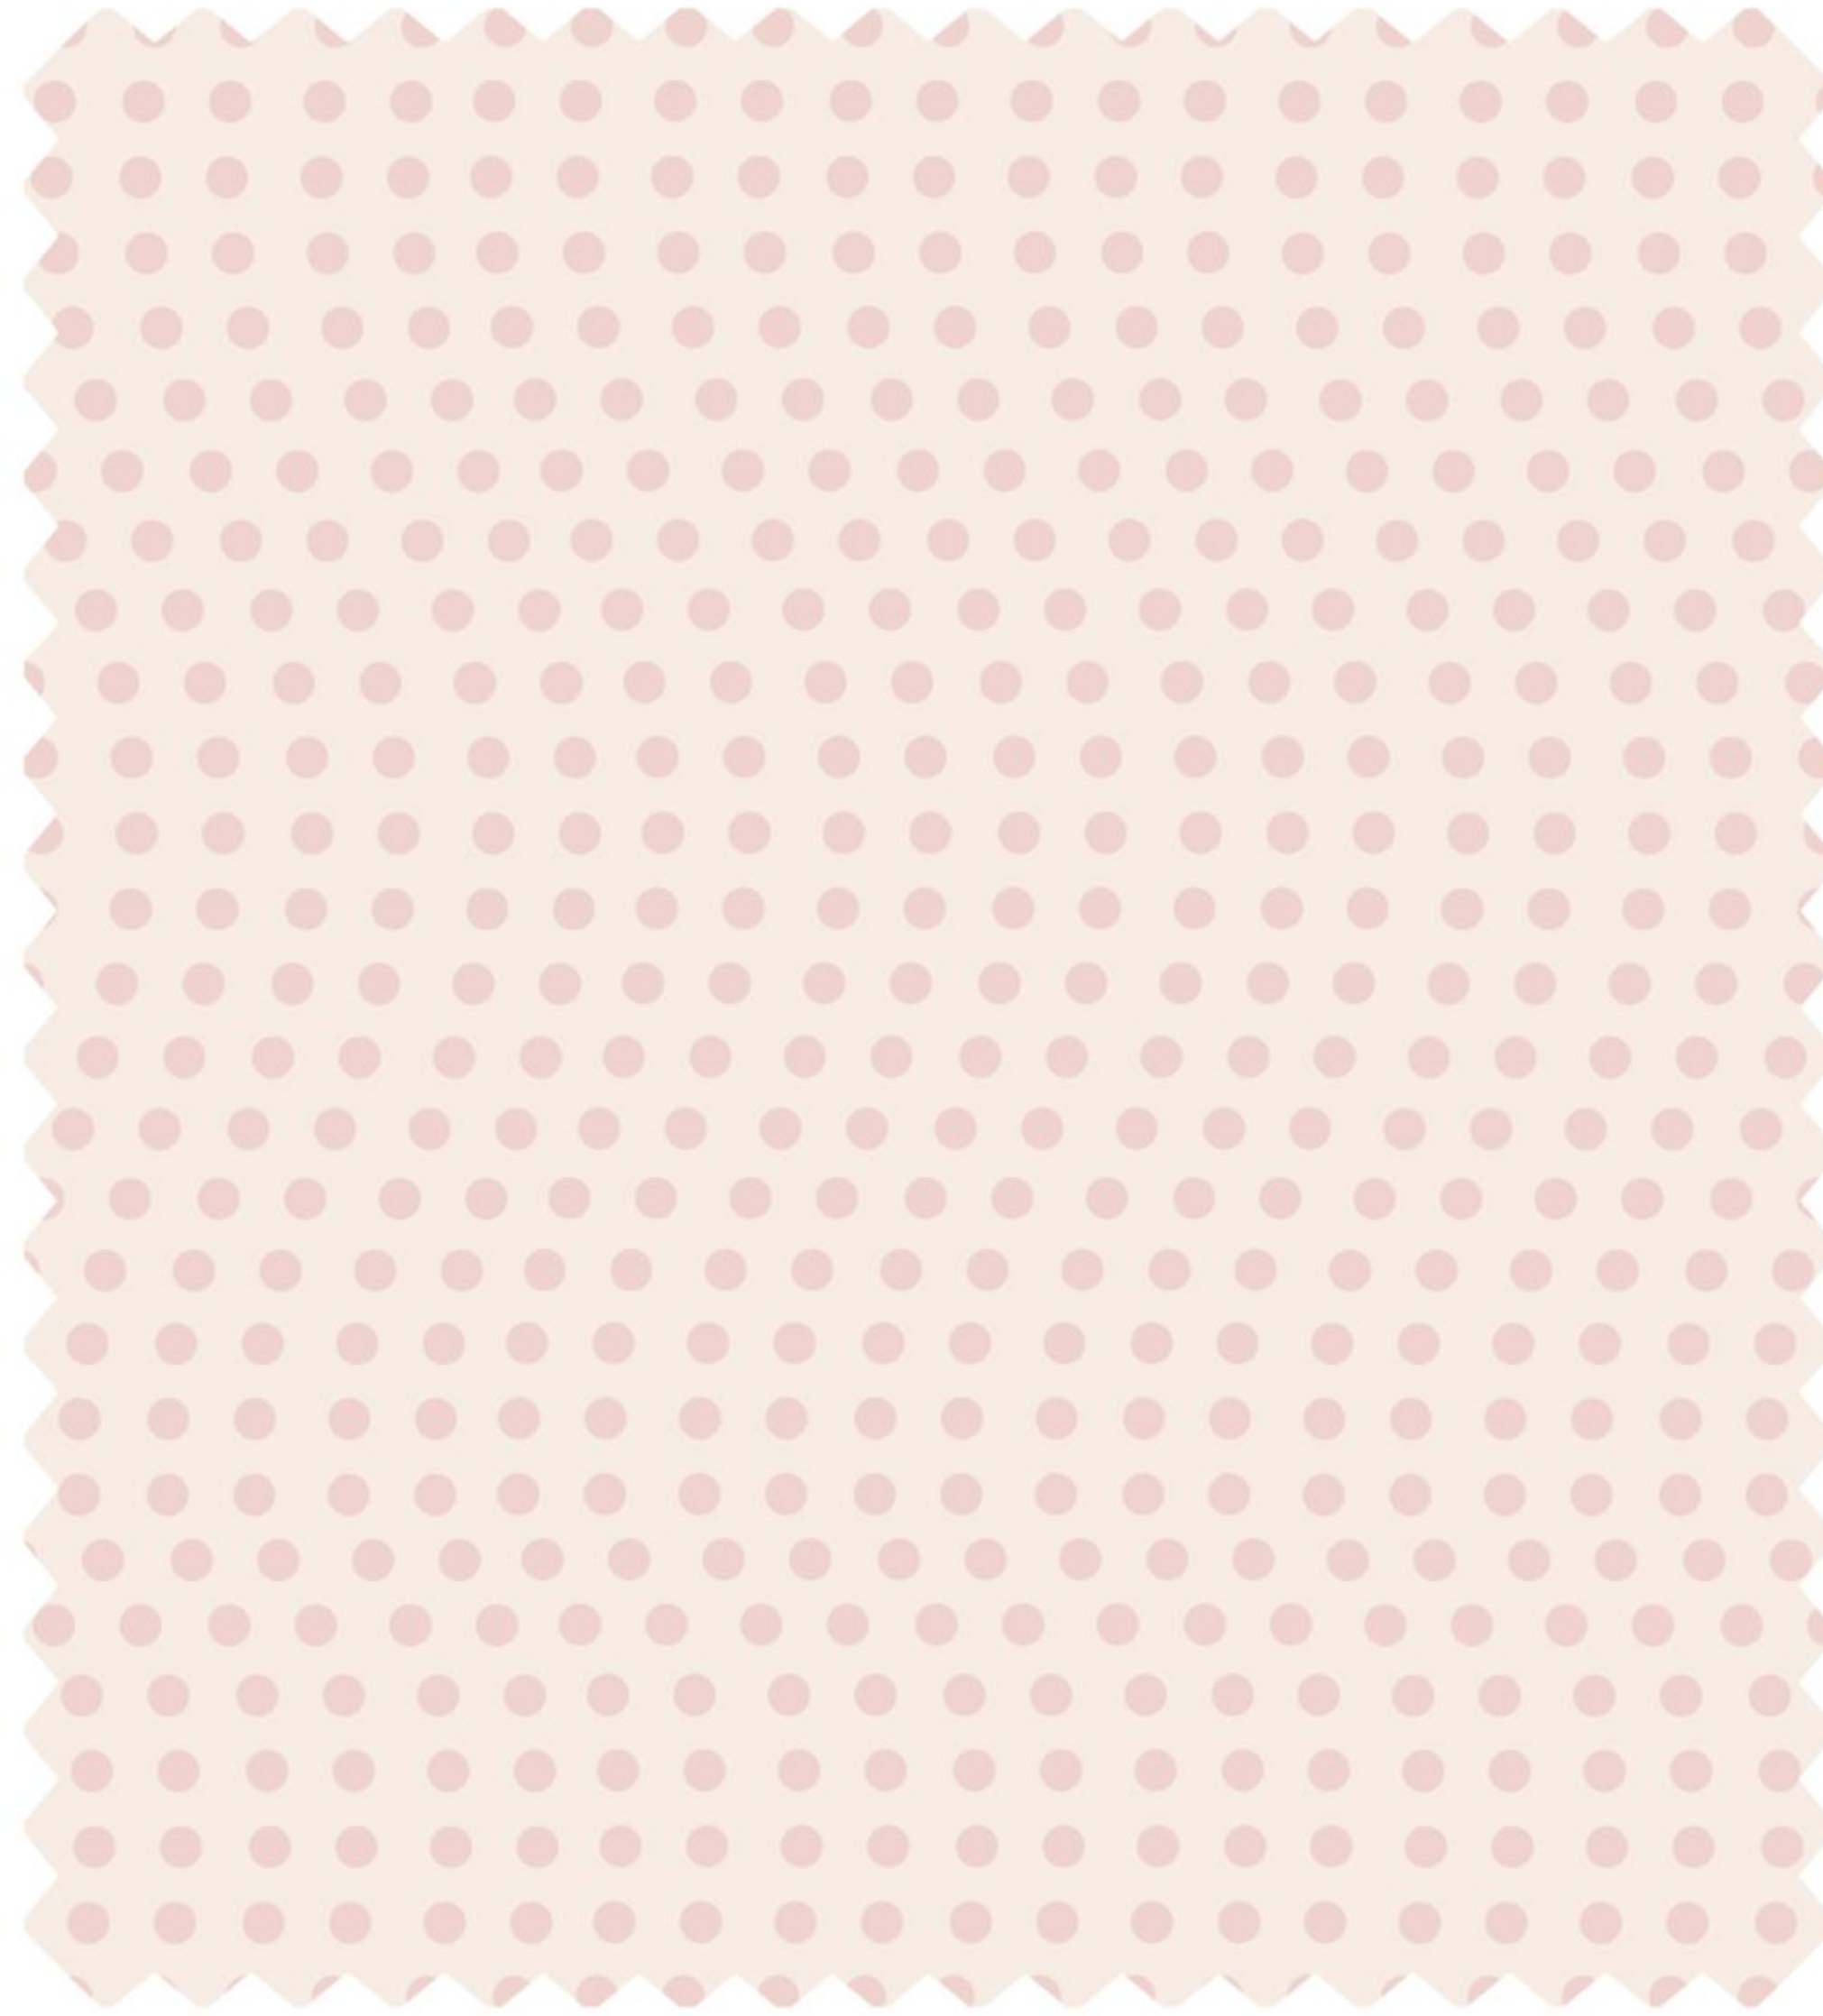

The vermillion base is like the warm window of an old courtyard, exuding a retro and luxurious charm. Light pink peonies and small blossoms climb and bloom along the branches, while grey-feathered tits perch or flit about. The elegance of traditional fine-brush painting blends with vintage patterns, recreating the oriental scene of "Warblers Singing in the Spring Courtyard". The fabric carries gentle poetry and conveys an elegant, classical aesthetic.

Wilderness Delights

Taking inspiration from the natural landscapes of Nordic forests and the forest-style healing aesthetics, this design extracts iconic elements from the woods: sturdy pines, lush foliage, and cute animal motifs like deer and squirrels. Combined with minimalist geometric textures, it recreates natural scenes of "strolling through the forest and lush vegetation growing."
